Notes to Condensed Consolidated Interim Financial Statements
(In thousands of Canadian dollars, unless otherwise stated)

Three and six months ended February 28, 2018 and February 28, 2017 (unaudited)

1. Nature of operations:

Business:

theScore's ("theScore" or the "Company") mission is to create highly-engaging digital products and content that empower the sports fan's experience. Its flagship mobile app 'theScore' is one of the most popular multi-sport news and data apps in North America, serving millions of fans a month. The Company also creates innovative digital sports experiences through its web, social and esports platforms. theScore is currently headquartered at 500 King Street West, 4th floor, Toronto, Ontario, M5V 1L9. Class A subordinate voting shares are traded on the TSX Venture Exchange ("TSX-V") under the symbol SCR.TO and warrants are traded under the symbol SCR.WT. The Company is organized and operates as one operating segment for the purpose of making operating decisions and assessing performance.

2. Significant accounting policies:

Basis of presentation and statement of compliance:

These interim financial statements have been prepared in accordance with International Financial Reporting Standards ("IFRS") as issued by the International Accounting Standards Board ("IASB") using International Accounting Standard 34, Interim Financial Reporting and using the same accounting policies and methods of computation theScore applied in its consolidated financial statements as at and for the year ended August 31, 2017. These accounting policies are disclosed in note 2 of theScore's annual consolidated financial statements for the year ended August 31, 2017.

The notes presented in these interim financial statements include only significant changes and transactions occurring since August 31, 2017, and do not include all disclosures required by IFRS for annual financial statements. These interim financial statements should be read in conjunction with the consolidated financial statements of the Company for the year ended August 31, 2017.

These interim financial statements are presented in Canadian dollars, which is theScore's functional currency, and have been prepared primarily using the historical cost basis.

These interim financial statements were approved by the Board of Directors of theScore on April 11, 2018.

Three and six months ended February 28, 2018 and February 28, 2017 (unaudited)

2. Significant accounting policies (continued):

Recent standards and amendments not yet effective:

(a) IFRS 9, Financial Instruments ("IFRS 9"):

IFRS 9 will supersede IAS 39, Financial Instruments: Recognition and Measurement ("IAS 39"). IFRS 9 includes revised guidance on the classification and measurement of financial instruments, including a new expected credit loss model for calculating impairment on financial assets, and the new hedge accounting guidance. It also carries forward the guidance on recognition and derecognition of financial instruments from IAS 39. The standard is effective for annual periods beginning on or after January 1, 2018, with early adoption permitted.

The Company intends to adopt IFRS 9 in its consolidated financial statements for the annual period beginning on September 1, 2018. The impact of adoption of the standard has not yet been determined but the Company expects the application of this new standard will not have a material impact on the consolidated financial statements.

(b) IFRS 15, Revenue from Contracts with Customers ("IFRS 15"):

IFRS 15 is effective for annual periods beginning on or after January 1, 2018. Earlier application is permitted. IFRS 15 will replace IAS 11, Construction Contracts, IAS 18, Revenue, and IFRIC 13, Customer Loyalty Programmes.

The standard contains a single model that applies to contracts with customers and two approaches to recognising revenue: at a point in time or over time. The model features a contract-based five-step analysis of transactions to determine whether, how much and when revenue is recognized. New estimates and judgmental thresholds have been introduced, which may affect the amount and/or timing of revenue recognized.

The Company intends to adopt IFRS 15 in its consolidated financial statements for the annual period beginning on September 1, 2018. The extent of the impact of adoption of the standard has not yet been determined but the Company expects the application of this new standard will not have a significant impact on its consolidated financial statements.

2. Significant accounting policies (continued):

(c) IFRS 16, Leases ("IFRS 16"):

IFRS 16 will supersede the current IAS 17, Leases ("IAS 17") standard. IFRS 16 introduces a single accounting model for lessees and for all leases with a term of more than 12 months, unless the underlying asset is of low value. A lessee will be required to recognize a right-of-use asset, representing its right to use the underlying asset, and a lease liability, representing its obligation to make lease payments. The accounting treatment for lessors will remain largely the same as under IAS 17.

The standard is effective for annual periods beginning on or after January 1, 2019, with early adoption permitted, but only if the entity is also applying IFRS 15. The Company has the option to either apply IFRS 16 with full retrospective effect or recognize the cumulative effect of initially applying IFRS 16 as an adjustment to opening equity at the date of initial application.

The Company is assessing the impact of this standard on the consolidated financial statements.

| Balance, February 28, 2018 | \$ 5,766 | \$ 188 | \$ 31 | \$ 5,985 |

During the three and six months ended February 28, 2018, the Company capitalized internal product development costs of approximately \$752 and \$1,452, respectively (2017 - \$623 and \$1,347). The significant development projects for the six month period ended February 28, 2018 consisted of a significant update to the flagship app "theScore" which included a redesigned user inter-face, enhanced multimedia content offering and new data features, an updated content management system and the development of theScore's fantasy game on Facebook Messenger.

5. Related party transactions:

In fiscal 2013, theScore entered into a lease for a property partially owned by the Chairman and Chief Executive Officer of the Company. The aggregate rent paid during the three and six months ended February 28, 2018 amounted to \$10 and \$20, respectively (2017 - \$10 and \$20). The payable balances as at February 28, 2018 and August 31, 2017 were nil. These transactions are recorded at the exchange amount, being the amount agreed upon between the parties.

Three and six months ended February 28, 2018 and February 28, 2017 (unaudited)

6. Tax credits:

As at February 28, 2018, tax credits recoverable of \$1,616 are included in tax credits recoverable, non-current, in the consolidated statements of financial position (August 31, 2017 –\$1,616). Tax credits recoverable reflect management's best estimate of credits for which realization is reasonably assured based on consideration of both certificates of eligibility received from the Ontario Media Development Corporation ("OMDC") for specific claims and the OMDC's historical acceptance of expenditures of a similar nature for refundable credit. No tax credits were accrued during the three and six months ended February 28, 2018.

7. Capital risk management:

theScore's objectives in managing capital are to maintain its liquidity to fund future development and growth of the business. The capital structure consists of shareholders' equity and cash.

theScore manages and adjusts its capital structure in consideration of changes in economic conditions and the risk characteristics of the underlying assets. theScore is not subject to any externally imposed capital requirements.

8. Financial risk management:

theScore has exposure to credit risk, liquidity risk and market risk from its use of financial instruments. This note presents information about theScore's exposure to each of these risks and theScore's objectives, policies and processes for measuring and managing these risks.

(a) Credit risk:

Credit risk is the risk of financial loss to theScore if a customer or counterparty to a financial instrument fails to meet its contractual obligations and arises principally from theScore's receivables from customers. The carrying amount of financial assets represents the maximum credit exposure. theScore's exposure to credit risk is influenced mainly by the individual characteristics of each customer.

theScore, Inc.

Notes to Condensed Consolidated Interim Financial Statements
(In thousands of Canadian dollars, unless otherwise stated)

Three and six months ended February 28, 2018 and February 28, 2017 (unaudited)

8. Financial risk management (continued):

theScore establishes an allowance for doubtful accounts that represents its estimate of potential credit losses in respect of accounts receivable but historically has not experienced any significant losses related to individual customers or groups of customers in any particular industry or geographical area. This allowance consists of a specific provision that relates to individually significant exposures. As at February 28, 2018 and August 31, 2017, theScore had an allowance for doubtful accounts of \$10 and \$10, respectively.

At February 28, 2018 and August 31, 2017, \$255 and \$660, respectively, of accounts receivable were considered past due, which is defined as amounts outstanding beyond normal credit terms and conditions for respective customers that can extend up to 150 days from the date of initial invoicing. theScore believes that its allowance for doubtful accounts sufficiently reflects the related credit risk based on the nature of theScore's customers and consideration of past performance.

theScore has customer concentration risk as three customers, two programmatic networks and one media agency, represented 11%, 14% and 10% of revenue, respectively, for the three months ended February 28, 2018 (February 28, 2017 – two customers, both programmatic networks, represented 13% and 13% of revenue respectively). During the six months ended February 28, 2018 two programmatic networks, represented 11% and 14% of revenue (February 28, 2017 – two customers, both programmatic networks, represented 12% and 13% of revenue respectively). As at February 28, 2018 two customers (a programmatic network and a media agency) represented 17% and 11% of the accounts receivable balance, respectively (August 31, 2017 – two customers - 10% and 14%, one agency and one programmatic network, respectively).

(b) Liquidity risk:

Liquidity risk is the risk that theScore will not be able to meet its financial obligations as they fall due. As at February 28, 2018, theScore had cash and cash equivalents of \$7,859 (August 31, 2017 - \$10,114), accounts receivable of \$7,478 (August 31, 2017 - \$5,578, non-current tax credits recoverable of \$1,616 (August 31, 2017 - \$1,616) and accounts payable and accrued liabilities to third parties of \$3,555 (August 31, 2017 - \$2,801). Accounts payable and accrued liabilities have contracted maturities of less than three months.

theScore, Inc.

Notes to Condensed Consolidated Interim Financial Statements
(In thousands of Canadian dollars, unless otherwise stated)

Three and six months ended February 28, 2018 and February 28, 2017 (unaudited)

8. Financial risk management (continued):

Management prepares budgets and cash flow forecasts to assist in managing liquidity risk. theScore has a history of operating losses, and can be expected to generate continued operating losses and negative cash flows in the future while it carries out its current business plan to further develop and expand its digital media business. While theScore can utilize its cash and cash equivalents to fund its operating and development expenditures, it does not have access to committed credit facilities or other committed sources of funding, and depending upon the level of expenditures and whether profitable operations can be achieved, may be required to seek additional funding in the future.

(c) Market risk:

Market risk is the risk that changes in market prices, such as interest rates, foreign exchange rates and equity prices, will affect theScore's income or the value of its holdings of financial instruments.

The Company does not engage in risk management practices, such as hedging or use of derivative instruments.

theScore's head office is located in Canada. Some of theScore's customers and suppliers are based in Canada and, therefore, transact in Canadian dollars. Certain customers and suppliers are based outside of Canada and the associated financial assets and liabilities originate in U.S. dollars, Euros or Pounds Sterling, thereby exposing theScore to foreign exchange risk. theScore's exposure to foreign exchange risk is deemed to be low. Total U.S. dollar denominated receivables as at February 28, 2018 and August 31, 2017 were \$4,278 and \$2,229, respectively. The Score's foreign exchange gain is included in finance income (expense) in the condensed consolidated interim statement of comprehensive loss, and for the three and six months ended February 28, 2018 was \$(83) and \$87, (2017 - \$(84) and \$96 respectively).

8. Financial risk management (continued):

(d) Fair values:

The Company provides disclosure of the three-level hierarchy that reflects the significance of the inputs used in making the fair value measurement. The three levels of fair value hierarchy based on the reliability of inputs are as follows:

- Level 1 - inputs are quoted prices in active markets for identical assets and liabilities;
- Level 2 - inputs are based on observable market data, either directly or indirectly other than quoted prices; and
- Level 3 - inputs are not based on observable market data.

The fair values of theScore's financial assets and liabilities, including cash and cash equivalents, accounts receivable and accounts payable and accrued liabilities were deemed to approximate their carrying amounts due to the relative short-term nature of these financial instruments.

(e) Cash and cash equivalents:

| | February 28, 2018 | August 31, 2017 |
|--|----------------------|--------------------|
| Cash | \$ 5,065 | \$ 5,377 |
| Cash equivalents: | | |

9. Commitments:

The Company has no debt guarantees, off-balance sheet arrangements or long-term obligations other than the content and office lease agreements noted below.

theScore has the following firm commitments under agreements:

| | Later than one year | | | |
|-------------------|----------------------------|----------------------------------|--------------------------|----------|
| | Not later than one year | and not later than five years | Later than five years | Total |
| Content and other | \$ 1,887 | \$ 1,530 | \$ - | \$ 3,417 |
| Office lease | 910 | 3,465 | - | 4,375 |
| Total | \$ 2,797 | \$ 4,995 | \$ - | \$ 7,792 |

Office lease:

theScore's current lease agreement is for a 30,881 square foot space at its head office in Toronto, Ontario, and runs until September 30, 2022.

10. Stock based compensation:

(a) Stock Option Plan:

theScore has a stock option plan (the "Plan") under which the Board of Directors, or a committee appointed for such purpose, may, from time to time, grant to directors, officers and full-time employees of, or consultants to, theScore options to acquire Class A Subordinate Voting shares. Under the Plan, the exercise price of an option is based on the closing trading price on the day prior to the grant. An option's maximum term is 10 years and options generally vest in six month tranches over a period of three to five years. Certain of theScore's employees and consultants participate in the Plan in exchange for services provided to theScore.

| Fair value of options | \$0.06-0.11 | \$0.09-0.16 |
| Exercise price | \$0.145 | \$0.21 |
| Risk-free interest rate | 3% - 4% | 1% - 2% |
| Dividend yield | — | — |
| Volatility factor of the future expected market price of shares | 68% | 72% |
| Weighted average expected life of the options | 3 - 10 years | 3 - 10 years |

During the three and six months ended February 28, 2018 and 2017, share-based compensation recorded in connection with stock options issued by theScore was \$134 and \$247, respectively (2017 - \$224 and 464).

(b) Share Purchase Plan:

The Company has a share purchase plan (the "SPP") in order to facilitate the acquisition and the retention of Class A Subordinate Voting shares by eligible participants. The SPP allows eligible participants to voluntarily join in a share purchase program. Under the terms of the SPP, eligible participants can have up to 5% of their compensation deducted from their pay to contribute towards the purchase of Class A Subordinate Voting shares of the Company. The Company makes a contribution equal to the amount of the compensation contributed by each participant. The Class A Subordinate Voting shares are purchased by an independent broker through the facilities of the TSX Venture Exchange and are held by a custodian on behalf of the SPP participants. During the three and six months ended February 28, 2018 and 2017, theScore recorded an expense of \$114 and \$229, respectively, as part of personnel expenses, relating to its participating employees in the SPP (2017 - \$127 and \$254).

11. Revenue:

Revenue from Canadian sources for the three and six months ended February 28, 2018 was \$2,452 and \$5,064, respectively (2017 - \$1,963 and \$4,476), while revenue from non-Canadian sources (predominantly USA) for the same period was \$4,647 and \$10,386, respectively (2017 - \$4,728 and \$10,763).

12. Basic and diluted loss per share:

The following table sets forth the computation of basic and diluted loss per share:

| | Three months ended, | | Six months ended, | |
|---|---------------------|-------------------|-------------------|-------------------|
| | February 28, 2018 | February 28, 2017 | February 28, 2018 | February 28, 2017 |
| Net loss attributable to shareholders - basic and diluted | \$ (1,623) | \$ (2,138) | \$ (1,884) | \$ (2,891) |
| Weighted average shares outstanding – basic and diluted | 295,833,800 | 295,596,116 | 295,821,693 | 295,483,916 |
| Loss per share - basic and diluted | \$ (0.01) | \$ (0.01) | \$ (0.01) | \$ (0.01) |

During the three and six months ended February 28, 2018 and 2017 there were no outstanding stock options or warrants included in the computation of diluted loss per share as the impact would have been anti-dilutive.

As at February 28, 2018, there were 19.78 million Class A share purchase warrants and 700,000 broker warrants outstanding and no warrants were exercised during the three months ended February 28, 2018.
